

## Celery Demand Is Up As Growers Get An Improved Price

Price Takes Little Boost  
During Past Week

Celery growers took heart the past week for they saw the demand for quality celery jump from a new low to a much higher price. This commodity, of the 2 and 4's

size, jumped from around 90c the  
lug up to \$1.85 a lug, with a still  
increasing shoot up expected. The  
early spring celery harvest will  
likely end around about May 15th,  
but some of the later planted  
crops will be available until  
around June 1st. The cool weather  
of the past week has been a boon

of the past week has been beneficial to celery. One tract of 40 acres of celery at Port Mayaca will go in as a late market commodity.

Potato harvest at Belle Glade was retarded the past week, owing to low market prices, so the movement on this vegetable will not get going real good until markets improve.

Trucker in swarms have visited the produce centers during the week and have hauled hundreds of

**VERSATILE FLORIDA**

Florida is a state of great and varied natural resources. Some of us know that the state produces more than 90 per cent of all the canned grapefruit and grapefruit juice in the world. More of us know that the waters off our coast contain the biggest and gamiest fish in the world. Fewer realize the great possibilities we have for the development of resources which

have hitherto remained untouched.

This state has 100 varieties of soil, composed of sand, clay and organic matter. It has more than 3,000 flowering plants, greater than any other state. Its annual mean temperature ranges from 68 to 72 degrees, comfortable living for every fortunate resident of Florida.

We have unique activities and enterprises. How many of us realize that caviar is produced in Florida! Yes sir, sturgeon spawn in the rivers of the west coast. Over in Santa Rosa county, we grow some of the finest pecans in the world, the Mahan variety. At Key West we can turtles. At Gainesville there is a modern tung oil expressing plant. Florida has four paper mills and a rayon pulp mill. And its turkeys lay "golden eggs" believe it or not. The eggs of the Royal Palm turkey, developed in this state, sell for \$10 apiece or \$120 a dozen. —St. Petersburg Times.

### FRED P. CONE

One of the best "Watchdogs of the People's Money" Florida ever had.

Read the record below. See for yourself how Fred Cone has reduced State expenses and increased State and County income in the departments under his supervision... how he has put Florida head and shoulders above the other Southeastern States in aid for the aged and blind... HOW HE HAS CUT THE EXPENSES OF THE GOVERNOR'S OFFICE BY 61 PERCENT.

LET'S SEND FRED P. CONE!

## Read The Record of State Departmental Income and Expenses Under The Governor's Supervision

**STATE BEVERAGE DEPARTMENT** increased collections from \$3,121,514 for the year 1926 to \$4,278,507 for the year 1939. Decreased operating expenses from \$270,847 in 1926 to \$177,560 for the year 1939 or from 8.53 percent to 4.14 percent. This kind of management has saved more money for OLD AGE ASSISTANCE which is sustained by this department.

**STATE RACING COMMISSION** increased collections from \$1,420,777 for the season of 1925-26 to \$2,000,589 for the last season. Decreased expenses from \$315,330 for the season of 1925-26 to \$187,289 for last year. INCREASED REVENUE PAID EACH COUNTY FROM \$16,791 for the season of 1925-26 to \$25,563 for the season of 1938-39.

**MOTOR VEHICLE DEPARTMENT** increased collections from \$5,447,597 in 1926 to \$6,728,007 in 1939. Decreased expenses from \$125,223 in 1926 to \$338,598 in 1939. Total

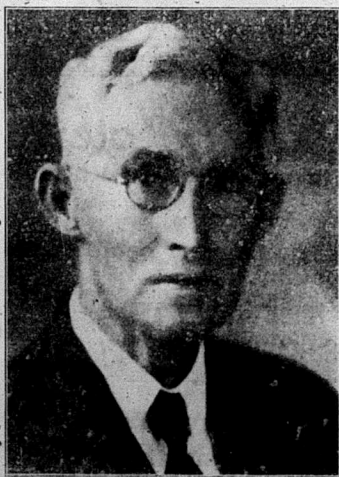

increase in revenue for 1927-28-29 amounts to \$2,348,280. Total decreases in expenses for those three years total \$259,730. Total of INCREASES IN REVENUE AND DECREASES IN EXPENSES under CONE amount to a GAIN OF \$3,165,010 FOR THE BENEFIT OF THE SCHOOLS which receive the revenue collected by this Department.

**FLORIDA LEADS ALL SOUTHEASTERN STATES IN OLD AGE ASSISTANCE**, paying an average of \$11.71 per month as compared to \$9.50 in Alabama; \$8.09 in Georgia; \$7.49 in Mississippi and \$8.15 in South Carolina. **FLORIDA LEADS ALL SOUTHEASTERN STATES IN AID TO BLIND**, paying \$12.38 as compared to \$8.86 in Alabama; \$10.02 in Georgia; \$7.23 in Mississippi; and \$10.75 in South Carolina.

During Fred P. Cone's administration of the Governor's office of the State of Florida, the expenses of that office have been reduced 61 percent.

Miss Ernestine Rogers had as recent guests her sister, Mrs. Kathleen Rogers, and Miss Margaret Speer of Lakeland, also Mrs. C. Smith of Haines City.

Mrs. Mary R. Lattimer and daughter, Miss Harriette Lattimer, had as guests over the weekend Mrs. M. H. Merry, Mrs. E. H. Collins, Mrs. Harry Smith and Miss Joan Merry, all of West Palm Beach.

The Rev. and Mrs. Fred L. Martin and Miss Kathryn Hull accompanied the ninth-grade class of the Pahokee high school on a beach party at Lake Worth the past week end.

Mr. and Mrs. G. S. Tibbitts announced the birth of a daughter at the Everglades Memorial hospital Wednesday.

Mrs. W. P. Wooten is a patient in a hospital in Jacksonville where she recently underwent an operation.

Miss Kathleen Rogers and Miss Margaret Speer of Lakeland, and Mrs. C. Smith of Haines City, have returned to their homes after visiting Miss Rogers' sister, Miss Ernestine Rogers, a teacher in the elementary school here.

Mr. and Mrs. F. L. Long of Moore Haven, are guests of their son-in-law and daughter, Mr.

and Mrs. Mike Horrich and Mr. and Mrs. G. S. Tibbitts.

### MASONIC CONVENTION

The sixth orient convention of the Consistories of Scottish Rite Masons, of Key West, Miami, Lake Worth and Tampa, will be held in the latter city, this coming Saturday and Sunday, and Lake Worth is planning to bring over a big delegation.

There are many members of the

rite who reside in the Glades region, and Secretary Chester Wright has extended invitation for them to form their delegation to the Tampa meeting. Special degrees will be worked on Saturday and Sunday, and the Tampa boys have prepared for the staging of two of the grade degrees, as well as a visit to the Masonic

Home at St. Petersburg, and other entertainment during the reunion period.

Tampa consistory is holding its spring reunion at the same time, with a class of some 50 candidates for the various grades, so grade work can be witnessed by the visitors if they so desire.

## NEXT TUESDAY

. He Believes In Florida and Its People

- Francis P. Whitehair -

# Vote For Francis Whitehair AND A GREATER, PROGRESSIVE FLORIDA

CANDIDATE WHITEHAIR WILL STRIVE TO CREATE A NEW AND REAL CONFIDENCE IN THE MINDS OF FLORIDIANS

A hard and fast program is impossible in a growing state such as Florida, but if we hold fast to the principles of old time honesty and business integrity, coupled with progressive and long-view planning, we will succeed.

Let us subscribe to the real, true Florida spirit, because no state can be better than the manifest spirit of its people, and if all of us from all sections will meet on the common ground of Florida's future, our state will move out of the dawn and burst resplendent into the full sunshine of its real stature.

I believe the Chief Executive of our State should encourage people to own their homes, establish businesses, improve working conditions, increase the value of their property, secure the future of their investments, educate their children, maintain public health and provide recreation.

I will strive to create a new and real confidence in the minds of the people by appointing capable, practical, experienced and honest men and women to all appointive positions. The opportunity of serving at this critical time in the development of our state presents a great challenge and I am eager for the opportunity of meeting it with all the vigor and vitality at my command.

# VOTE FOR WHITEHAIR - - BE TREATED SQUARE

HE IS AN EXPERIENCED AUTHORITY ON CITY, COUNTY AND STATE GOVERNMENT - COMPETENT AND DEPENDABLE

He Is Young Enough To Be Ambitious, Old Enough To Be Cautious!

## Whitehair Has An Unusual Platform

Deland, May 8. (PNS) — Because he consolidated his forces early, perfected a strong organization, and has consistently drawn the biggest rally crowds in the history of Florida politics, Francis P. Whitehair of Deland feels confident he will be high man by

many, many thousands of votes in the primary Tuesday. Whitehair has refrained from making any attacks on his opponents in the race and last week warned his "friends": "If you can't say anything good about our foe, don't say anything."

The successful lawyer, citrus farmer and business man contends a man can be elected governor of Florida and run a race from political fifth and vilification.

"I still cling to the ideal that a man can be governor and retain his self respect and honesty. I am making this race under my own power and I have made no other promise nor commitment number one, nor will I."

Whitehair has a most unusual program of economy in government in order to obtain funds to care for the human needs of the people of Florida. "We are going to legislate one time in the term

of human beings. There is plenty of money in the Florida treasury each year to care for the needs of our old people, better our schools, the lot of our teachers, our dependent children and the general public health if we will spend our monies for the people and not the politicians."

He recommends the elimination of the myriad of state, bureau, commissions and boards. "The state's income has increased \$11,000,000 in the last seven years, and still our treasury is empty and the state unable to pay its bills. Something must be done about it and Francis Whitehair proposed to do it."

### SEMINOLES—NO TALKER

Nat Lewis, formerly connected with the Indian work in the Big Cypress, is the census enumerator for the Florida Seminoles, but reports that he finds no co-operation from the Indians. Men whom Lewis has known for years refuse to give him any information at all, and he has been forced to get his information from outside. The tribe officials passed the word out: "No talk to man with big book"; and that is just what they are doing, for fear they would be punished at the Green Corn Council next month.

### VETERAN DIES

Since the recent convention of the GAR of Florida, at St. Cloud, two of the 16 surviving northern veterans have answered taps, the latest one to be Col. A. U. Cooksey, aged 93, of St. Cloud. St. Cloud at one time had a post of 800 members, but it has now diminished to five, and these comrades were unable to conduct the funeral ceremonies for their dead comrade, so the Spanish War Veterans of that city conducted these honors for the Post.

Col. Cooksey's funeral was largely attended. He had been most active in the affairs of the GAR and had been in several of the Department's offices during the years since the war between the states.

## Council Prepares For City Election

Pahokee City Council met in adjourned session Monday morning, with members McClure and Geiger absent. The business of importance to prepare the election resolution and setting up the ticket for the municipal election to be held next Tuesday, May 12.

Chief of Police and Clerk, for a two year term; and three councilmen, to be selected.

Mayor John A. Dulany, George Rogers, A. E. Goodwin, City Clerk, W. P. Walker and W. D. LeVitt were present. Chief of Police, Haywood Baxter, E. O. Murphy and W. F. Guthrie, City Councilmen, three to be selected. O. B. McClure, Robert J. Mackey, Harry Waldschlager, Hugo Boe and Earl Lindrose, Mackey and McClure are incumbents seeking reelection. Boe has been a previous councilman, while Waldschlager and Lindrose are making their first political race.

Council found it necessary to make revision on the original election board, so that the officials now will be: Inspectors, Clarence Maxwell, Mrs. Ora Powell, J. B. Elliott, and Fred Martin, the latter as clerk, alternates Sam McKinstry and Mrs. Thadde Whidden.

Council adjourned to meet at 8 o'clock, Wednesday night, May 8th, at which time canvass of the election returns will be made by that body.

### Belle Glade Wants Library

Belle Glade citizens want a public library, with a full time librarian in charge, and have taken the matter up with the state and WPA officials, to find out the necessary procedure to secure such an institution.

### Local Boys Play Away From Home

Pete Bardin, who has been in training at West Palm Beach the past season, has been signed up by the Ocala team of the Florida State League, and has pitched one winner for the team, since he joined it. Joe Tom Boynton seems to be making good at Hot Springs, Ark., as he is being used behind the bat by the manager of that team. Press clippings show that Joe Tom is popular with his team mates and his fans, and they all wonder at his speed and a training which he got on the old grind iron at Lair field under Frank Hobson.

### MAY HAVE NEW CONGRESSMAN

Under the new census now being taken it is expected that the increased population of Florida, will mean an additional member in the National House of Representatives. If this becomes true, it may mean the re-districting of the congressional districts, or a Congressman-at-large might be named for this new position. Either way it will create a big political stir among the state politicians.

### Improve Streets Is Belle Glade Plan

Belle Glade council has decided to proceed with its proposed plan to provide improvement of streets, sidewalks, and drainage, a road plan and specifications will be prepared on which bids will soon be asked by it.

### CALL SPECIAL ELECTION

The Board of County Commissioners of Palm Beach County have called a special election for May 28th, on the question of establishing a mosquito control district in the county, having found that there were more than a required number of petitioners to meet the law's requirements for the calling of such an election.

## Sweaters Awarded To Blue Devil Men

The young men who formed the Blue Devil football team of 1939, the past week were presented by Coach Hobson, with the coveted sweaters, which they are now wearing with much pride. Those to whom the trophies were awarded are: W. A. Stevens, Roy and Johnnie Knutze, Marvin Uavin, Jack Fowler, Elmo Hancock, Vance Denton, Carl Cowen, Walter Cross, L. J. Egan, Osborne Belyea, Calvin Pearce, Walker Fears, H. E. Baxter, Kermit Dell, Marion Spooner, Dan Beardsley and Bill Allen.

Clarke Wainstead, team manager and Vivian Allen, mascot, were also given blue and white sweaters. Jackets were presented to Mary Jackson, Anna Bonan, Ora Fay Padgett, and Leroy Alphonso, the cheer leaders.

Carl Thompson, of the Belle Glade junior school, has sent up

four players to try out for the 1940 team, and in elongated Stone he thinks he has a star punter for the team. Stone was seen in action in six man play last fall, and impressed all with his fine work in that line. South Bay and Canal Point also will furnish several additional players for the squad.

### DIAMONDBALL

Pahokee's Junior High soft ball team played South Bay two games last week, six winners up for the game to be played at Delray, Pahokee won both of these games. The team which represented the Glades at Delray was made up of players from the three junior high schools, but despite that fact, Delray won the contest.

## Too Late TO CLASSIFY

By Russell Kay.

Like little boys waiting for Christmas, a flock of travel-weary raw-throated candidates are counting the days until election. As the "zero hour" draws near a lot of aspirants are beginning

to realize that the net results from the strenuous campaigning will be an "empty stocking." Interest in the Governor's race began to wane ten days ago with much speculation as to who would fight it out in the second primary. Although there are 11 men in the contest, only one stands out as a certainty for the second primary: Francis Whitehair.

No matter where you go—north, south, east or west—you find it generally conceded that Whitehair will be in there but

there doesn't seem to be as much certainty as to who will oppose him. My personal opinion is that Whitehair and Holland will be at the run-off, for these two candidates show the most consistent strength throughout the state. Party, Warren, Fraser and Barber all show strong support in certain sections but it is so spotted that the chance of any of them slipping into the final go-round seems remote.

During the past few weeks it has been my privilege to observe practically all the candidates in action. Whitehair stands "head and shoulders" over the pack from the standpoint of appearance and speaking ability. He looks and talks like a "Governor" and is doing a great selling job. He has consistently attracted the largest crowds and public reaction to his straightforward appeal proves him to be the most popular and colorful figure in the race.

Holland, cloaked in his senatorial dignity, is an able orator and his talks have been well received. During the campaign he has learned to unbend, but it still is an effort for him to mix with the "common man".

Paty was a real threat for a time but the loss of his voice and his tendency to snarl at his audience and attempt to discredit his opponents has just about cost him his chance.

Fuller Warren has practically talked himself out of the race. He puts on the best show of any of 'em and usually draws a crowd. Folks enjoy his wise-cracks but he did not incline to take him seriously.

Fraser's chances looked promising for a while, but his inability to talk and his advocacy of the screwy \$3 auto tag and injection of a California cowboy hand have

so demonstrated the lack of sound judgment that he has little hope to finish better than fourth or fifth.

Hans Walker might have been the real dark horse if he had been properly managed and publicized and had had some financial backing. He can talk and he has a pleasing personality, but like a lot of others in the race he made the mistake of trying to "out-talk" down his opposition and has spent his time talking about the other fellows instead of himself.

Barber will not get good vote but not enough to do him any good. His followers will probably all switch to Holland in the second primary. Schopf may get a few of the old folks but the chances of anyone "cashing in" on a dinner at the mansion appear about as thousand to one at this writing. As for Clancy, Maples, and Vanley, they've never been in the race anyway.

Because of the confusion which promises to attend the selection of delegates to the Chicago Democratic Convention, it seems that the interests of democracy can best be served if the friends of Roosevelt and the friends of Garner would make public their delegates. In this way the issue would be clear cut. The electorate would have an opportunity to select between delegates in support of either Roosevelt or Garner. It is the issue and not the personal self interest of the candidate himself that must be considered.

It won't be long now, and by this time next week we should be pretty well fixed as to how you folks feel. Go to the polls Tuesday and cast your ballot for those men and women you consider best qualified for each office. The candidates have had their day and their say; sovereign voters will have theirs on May 7th. Make the most of it for the welfare of your country, your state and your community.

## Politicians Talk To Big Rally Group

The Palm Beach County Democratic Executive Committee, on Saturday night, staged a political rally at the Publix High school auditorium, which was attended by around 600 to 700 people, with a packed hall and several hundred outside the building, honoring over the loud speaker system.

Instability of Chairman Jack Menges to be present, the preceding night fell to Mary Healy, who herself was handicapped by a severe cold.

The program of the evening was conducted as customary with the county candidates being presented to present their names. Most of the unopposed candidates were present to be introduced.

Speakers representing state candidates were Archie Harris for U. S. Senate, as attorney general; John Goff, a former Glades landowner in Tampa, for E. P. Martin, of Plant City, for attorney general; L. O. Higgins for Burton Schopf for Governor; Attorney Shide, for W. P. Wainwright, for state treasurer; Kyle Cox, for Jerry Carter for U. S. Senator; and R. V. Ware for B. E. Paty, for Governor.

Dr. O. E. Hazen, of West Palm Beach, candidate for U. S. Senator, was present and addressed his former townsmen and constituents, in behalf of his own candidacy.

Following the "Palooka" meeting, most of the committee journeyed to the Glades Hotel where arrangements had been made for the second rally, and there a sizeable crowd of Glades residents listened to the candidates.

In this theatre of manly life, it is reserved only for God and angels to be looked on. Pythons.

## FEW CENTS EXTRA FOR TIGHT WINDOW FRAMES IS GOOD INVESTMENT

**LEAKY JOINT**  
This is the kind of inefficient window frame construction that is used in many new homes and results in drafts and dirty walls around windows. Areas point to where cold air leaks in.

**TIGHT JOINT**  
Contractors call this wide blind stop construction. It cuts air leakage more than half around window frame. Costs just a few cents extra per window. Arrows point to wide blind stop.

Don't overlook the importance of the lowly window frame when you build your new home. It is the one thing that permanently joins your windows with the framework of your house. A window frame properly constructed keeps out dirt and drafts by making a weather-tight joint with the wall. A window frame improperly constructed will allow as much as 175 cubic feet of air per hour to leak into your home, and this is multiplied with dust, to dirty up walls and cause drafts.

**Good Construction Costs Little**  
While initial outlay construction in window frames has been in use for many years, yet many builders will

use frames without it in order to cut costs without regard to consequences. This type of construction costs about 25c to 50c more per window opening than ordinary construction and it will quickly pay for itself in heat saved and added comfort.

**Window Frames Permanent**  
Remember window frames are a permanent part of the wall in your new home. To tear them out and replace them is not only a mess but a big expense as well. The correct way to avoid this is to have frames that make a weather-tight joint with the wall and that means wide blind stop construction.

**Crack Marks Mean**  
A crack in the main section of trim at year, but in contract, no trace more like this. L. L. Shurkey has also created a new garage apartment building, his dwelling on the Canal Point road.

**Lake Worth Wins Again**  
Lake Worth's Junior American Legion drum corps in competition at the Legion convention at Ft. Lauderdale, Fort Proctor, again won first honors for the second successive year. This highly decorated band, that city and Palm Beach county, Jack Stenger was in charge of the group.

**New Brevinnes Going Up**  
George Iola, manager of the Atlantic and Pacific Store in Palm Beach, who built several small

buildings in the area, is now building a new building on the Canal Point road.

**Betzner**

Requests the Privilege of Continuing to Serve as Your Comptroller

This is the Record the People of Florida, by Their Fine Cooperation, Made Possible

The Comptroller's office issues 200,000 checks in a year—\$1,000,000 of funds and 20,000 unremitted checks can tell you how prompt they receive their checks each month.

We have not had a bank failure in Florida since the county auditor approved their financial statements and authorized their return.

We have paid state appropriations for school teachers and school bus drivers which have increased from less than five million dollars per year to more than twelve million per year.

Funds have been administered totaling nearly four million dollars per year to be matched by almost as much Federal money to provide assistance for our aged and for our dependent children.

Gas tax moneys have been distributed promptly and in accordance with the laws of Florida as required by the State Comptroller.

We have taken such action as was required by the State Comptroller to insure continued Federal aid for highway, bringing more than six million dollars to the state and making possible the construction of more than 150 miles of the highest type of roads.

By a fair and impartial administration of our tax collection laws, as far as is in the power of this office, we have restored the faith of taxpayers in their state government.

We have found errors by taxpayers or efforts to evade or avoid tax payments we have recovered more than five million dollars of unpaid taxes for the State of Florida plus costs of investigation, prosecution and recovery—and approximately a million dollars of this money would have gone to other states but for our aggressive pursuit of Florida's claims.

We have established for the first time in Florida's history a policy of a fair deal for the taxpayer, and whenever a court upsets a tax law the state new returns did not question the statute.

Our auditors check for overpayments as well as underpayments and when overpayments are discovered a taxpayer gets his money back.
